INSPECTION VEHICLE

Transport safely your inspection teams

Light vehicle

Several configurable options possible

Transport capacity of 6 people and / or materials

 **GEISMAR®**

VIGILIS 200

INSPECTION VEHICLE

Your benefits

- Spacious cabin with adjustable driver's seat that can carry up to 6 passengers
- Ergonomic positioning of the driver's seat allowing good visibility in both directions of travel
- Secure braking system consisting of a service brake and a manually operated mechanical parking brake
- Additional safety in the event of service brake failure because the parking brake is also an emergency brake
- Saving of intervention time thanks to the rotating lifting table (turning system) allowing to reverse the direction of travel on the track

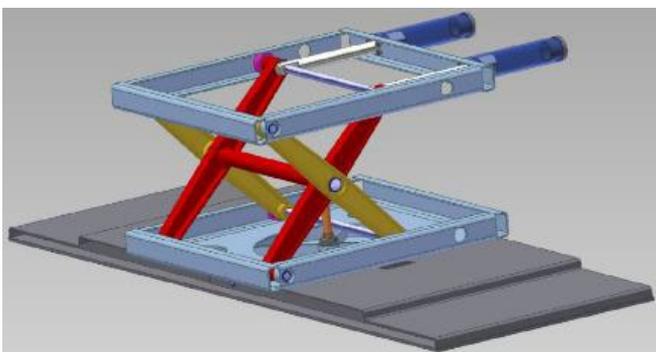

Technical features

Motorization	Diesel – 19 hp (14 kW)
Track gauge	56.5 in. (1,435 mm)
Travelling speed	31 mph (50 kph) on flat track 18 mph (30 kph) on flat track with 1 ton trailer
Minimum curvature radius	262.5 ft (80 m)
Maximum gradient	60 ‰
Lighting	Cabin (LED) Front/rear of vehicle (travelling)
Autonomy	8 h
Dimensions (L x W x H)	145 x 72 x 94 in. (3,680 x 1,830 x 2,400 mm)
Mass (empty)	5070 lbs (2,300 kg)

Options

- On/off tracking device
- Turning system
